Who Can

Make a Real Difference!

The vision of Autism Action Partnership is that every person touched by autism in the heartland will receive the care and support necessary to lead a fulfilling and dignified life.

AAP Guild

Autism Action Partnership (AAP), a public not-for-profit foundation located in Omaha, Nebraska, works tirelessly to collaborate with established organizations to develop and fund programs for individuals on the autism spectrum and their families.

Currently, Nebraska ranks 49th in the nation in the delivery of disability services. **With your help and support on the AAP Guild**, we can better develop and fund programs & services necessary to **drastically improve the quality of life for individuals on the autism spectrum and their families.** Education, advocacy and our support assists them to be an integral part of the community.

As a member of the AAP Guild, you have the opportunity to work on committees geared toward fundraising, autism awareness and executive functioning of the guild.

AAP Events

A Vintage Affaire—A Benefit for Autism, is a unique wine event. This signature night is a first-class wine tasting experience. Hosted by CL and Rachel Werner, guests enjoy both silent & oral auctions with exclusive gifts, vacations and other luxurious items.

Autism Action Partnership's **Annual Autism Conference** targets parents, medical professionals and service providers that work in the field of autism. Nationally recognized experts provide education while local agencies promote community opportunities.

Together with Autism Action Partnership, our Guild will be creating additional fundraisers throughout the year. Resource fairs, autism nights and events in the community are opportunities to promote awareness and advocacy.
